As a token of our appreciation for the loyalty and interest he has shown toward us, we, the seniors of '38, do hereby dedicate this annual to our loyal leader, Mr. Keyes, who has guided and encouraged us throughout our four years.

N.C.H.S.

FACULTY

SCHOOL BUILDING

The present high school building was constructed in 1931. It was opened in March with an enrollment of 146.

The cost of the building was 70,000 to which additional equipment was added bringing the total cost to \$90,000.

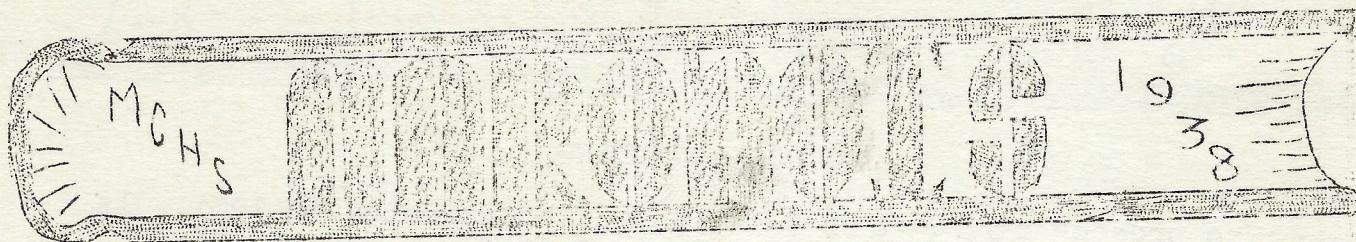

In the last year new commercial, agricultural and science courses have been added.

In the spring of 1937 the south part of the basement was finished and new dressing rooms were made.

Because of the excellent building and equipment many non-high school students come here, making an enrollment of 150-160.

Among a large class of seniors there are usually many honors presented to deserving individuals. The class of '38 was no exception. The first of these was given to Mildred Bricker, our Valedictorian followed by our Salutatorian, Eleanor Rainey. Throughout the four years, both of these girls kept in the lead by their constant hard work and ability. These girls were closely followed by several of their classmates. Those with an average above 90 for the entire four years were:

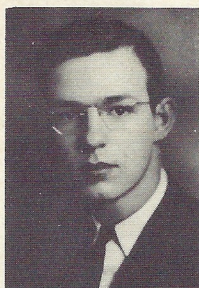

Mildred Bricker 96.67
Eleanor Rainey 94.65
Annalou McGuire 93.65
Allene Jones 92.87
Myrna Morgan 92.87
Florence Longsdorff 92.77
William Hicks 92.59
Bernadine Thomas 92.50
Louise Miller 92.48

Alice Hastings 92.34
Margaret Thompson 92.34
Lois Johnson 92.28
Marjorie Crabtree 92.09
Mildred Faber 92.90
Frances Weikle 91.84
Robert Cox 91.43
Nellie Wikoff 90.90
Eva Albert 90.71

Among the various honors given to deserving individuals annually is the plaque. The names of those chosen by the class and faculty members are engraved upon a plaque and placed in the trophy case in the hall. The selection is based upon the individuals character, scholarship, personality, citizenship, and activities. Those who won a place for themselves upon this plaque in the class of '38 were Mildred Bricker, Myrna Morgan, Harold Johnson, Eleanor Rainey, Robert Cox, and Annalou McGuire.

Three of the above named received gold awards. They were Mildred Bricker, for her scholarship; Myrna Morgan who was awarded for her work in the various activities; and for what he had contributed in building M.C.H.S. athletics, Harold Johnson received his award.

THE SPIRIT OF '38

This past three years we've said good-bye
To Seniors who were leaving
And now at last we realize
Their sorrow and their grieving.

Four years ago they called us green
We wore our dresses backward
A custom for the Freshmen queens
And upper classmen's laughter.

Behind upon these walls we'll leave
Our photographs and banners
May coming classes point with pride
Or laugh, these High School manners.

Our time has come to say farewell
To teachers, friends and all the rest
We wish the happiness for you
We've had but can't express.

--A. Hastings'

CLASS SONG

(Tune of "Margie")

We are all classmates
We'll ne're forget our dear classmates
We've worked so hard to see this day
Now we are going away.

We'll remember teachers, friends
And most of all our classmates
You made our high school days happy ones I'm sure
Altho' we're old and miles apart
You'll be always in my heart
The Class of '38.

ACTIVITIES

THE BLUE AND GOLD

The Blue and Gold is edited entirely by students of M. C. H. S. All of the printing and art work has been done by different individuals on the staff.

Since the school had a mimeographing machine and efficient operators, all that was necessary each time in publishing it was the paper, stencils, and the ink.

During one school year there are seven copies or issues of this school paper. The staff, by offering a variation from sports to the picture page which is an attraction prepared by Martin Pulliam for each issue, has tried to make the paper a success.

The past year has been very successful in one respect. Due to very careful planning and business management our Blue and Gold is financially very good. In preceding years while the Blue and Gold was first being organized the financial standing was not so good and some years the treasury was not needed when the school year ended. However, now that the school paper has a good start, the classes responsible for it in the years to come will find it an easy task if everyone will cooperate in the same way that our staff members have done during the past year.

F. F. A

The F. F. A. boys have really done things with the money they made this last year. They bought a new "Airline" radio and connected it in the agriculture room. This aided the boys as they could get stock markets and other things of interest to them concerning agriculture. They held their F. F. A. banquet February 25, in the high school gym. They have received a big banner and several received individual emblems. The officers for this year were as follows:

President: Harold Johnson
Vice Pres.: Robert Lienhart
Secretary: Glenn Query
Treasurer: Richard Kinkaid
Advisor: Mr. Hensoy

HI-TRI

Late in February in the year of '35 the girls organized a new chapter of the Hi-Tri with Miss Halford advisor, and Miss Bell, assistant advisor.

The purpose of this Hi-Tri League are as follows: To help each girl attain for herself a character that is strong, unselfish, and true; to help all girls become better acquainted, and to promote a spirit of sincere friendship; to promote courtesy among students; to help each girl win her way to unselfish success.

The keywords are character, friendship, courtesy, pleasure, and success. The watchword is "Loyalty". The motto is "We build the ladder by which we rise." The emblem is a ladder with five rounds. Any girl attending a high school in which there is an organized Hi-Tri League can be a member.

Our officers are President, Myrna Morgan; Vice-President, Margaret Thompson; Secretary, Louise Miller, Treasurer, Eva Albert. The advisor for this year is Miss Johnson.

Four points are given for attendance at each meeting, eight points, for discussing questions, and special points may be awarded by special recommendation by the Executive Committee for special work and committee services.

On November 13, we held a sectional conference. The state president and state advisor came. Mrs. Sala of Decatur gave the main address. The convention proved to be a great success.

On May 20, the Hi-Tri girls met and held their annual banquet. Later, on May 17, we had a tea and installed the new officers.

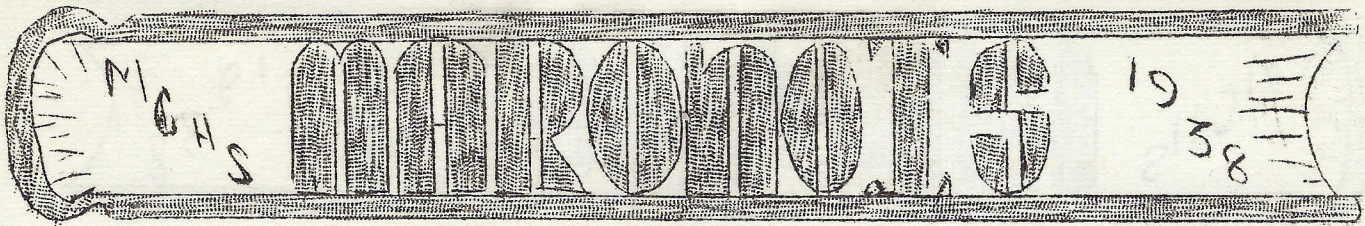

HI-Y

The purpose of the Hi-Y is to create, maintain, and extend high standing of Christian character throughout the school and community.

The Hi-Y activities in the high school are conducted once a week, the business meetings being held Wednesday 8th hour, and the recreation meetings Monday night. Questions which are of vital importance to the high school and the member himself are discussed at these meetings. These discussion groups are led by members of the clubs. The club has carried out several successful campaigns in the high school, such as sponsoring noon recreation programs and some very interesting contests for which prizes have been awarded.

The first thing I noticed when I stepped out of the car was the smell of the sea. It was a fresh, salty breeze that seemed to wash away all the worries of the world. The sun was just rising over the horizon, painting the sky in shades of orange and pink. I took a deep breath and felt a sense of peace that I had never experienced before.

I had heard that the weather in this part of the world was perfect, and now I knew why. It was just what I needed after a long, stressful year. I had been working hard, trying to make sense of everything, but it all seemed so overwhelming. Now, here I was, in a beautiful place where time seemed to stand still. I was going to enjoy this moment, this chance to breathe and be.

The beauty of the landscape was truly breathtaking. The rolling hills were covered in lush green grass, and the flowers were in full bloom. The sound of the waves crashing against the shore was a constant reminder of the power of nature. I walked along the beach, feeling the sand between my toes and the warmth of the sun on my skin. It was a simple pleasure, but it felt like I had found something precious.

CLASS HISTORY OF '38

In the year of 1938, 63 new mates went aboard the M. C. H. *Ship of Knowledge* starting a four-year cruise upon the Sea of Education.

Knowing that they must have someone better acquainted with the surroundings they chose Miss Ellen Garrison and Mr. F. B. Norton to steer the ship through a progressive and promising year.

From the class we chose four individuals who proved themselves to be interested and eager leaders. These were none other than Viva Malone, our first President or Captain; Annalou McGuire, Vice President whom we will call our First Mate; Myrna Morgon, the Ship's Recorder or our Secretary; and our Steward, Bob Cox as treasurer.

As had been the rule of this Ship's crew for several years, we sent our representatives to the Admiralty Court or Student Council. Alice Hastings, Florence Longsdorff, Bill Hicks, and Robert Cox did their part in this council and worked with the others of the crew making laws and rules for the shipmates aboard the Ship of Knowledge.

Next year rolled around so fast we were starting a new journey before we had hardly completed the first.

This year four new leaders were appointed to guide us to the Bay of Success.

Captain William Hicks was assisted by Harold Johnson as first Mate, Richard Kincaid as the Ship's Recorder and John Perkins as the steward. These were under the supervision of Mr. F. B. Norton and Mr. Robert DuBois.

Our representatives to the Admiralty Court for this year were Margaret Thompson, Robert Cox, Marjorie Crabtree, and Harold Johnson.

Our standing in society grew higher and we eagerly took part in the various activities during that year. The annual weiner roast was given at Louise Ann Parker's state room.

A class party was held aboard the ship and a novel party was proved to be what our shipmates wanted. This gingham and overall party was one of our year's successes in parties.

When we heard that we were to lose our fine supervisors, Mr. Norton and Mr. DuBois we had a farewell party for them. We docked our ship at Salt Creek for this big event.

Our year closed with the long awaited picnic. Our ship was steered to the shore of Lake Decatur and here we enjoyed the great out-of-doors.

It seems that we hardly had time to swallow that last potato chip before our ship was on the go again. Often we were discouraged, but under the perfect leadership of our Captain, Robert Cox; First Mate Margaret Thompson; Ship's Recorder Annalou McGuire; and our Steward, John Perkins we found that smooth sailing was ours. Mr. Fred Boll and Miss Venus Johnson were our faithful helpers and we were off for another big year. Two members were appointed to our Admiralty Court and they both proved themselves as successful representatives. Myrna Morgan and Floyd Clary were the two who cooperated with those making up

the council to help our ship in good condition.

Our weiner roast this year was at Eleanor Rainey's state room; our class party was at the skating rink aboard the Coronado at Clinton. The Junior-Senior Prom was an important date in every Junior's mind and it was held at Decatur.

Only one more year was left--our most important year--our senior year. Everybody aboard, we went swiftly through our last year. Under the supervision of Mr. Forest England--Captain Robert Cox--First Mate Eva Alberts, Ship's Recorder Geraldine Hartsock, and Steward John Perkins, steered us to the end of our journey.

The Admiralty Court was led by one of our class members, Floyd Clary. Bernadine Thomas was our other representative. At our weinerroast this year Margaret Thompson acted as hostess and we had it in her state room. The Jr. Senior Prom was equally exciting to us as Seniors as it was the former year. It was held at Decatur Club.

We again docked at Lake Decatur for our annual High School picnic. We weighed anchor just long enough for our shipmates to receive their diplomas, then departed his or her own way to win their battle in the Sea of Life.

CLASS POEM

Tomorrow is our day,
Yesterday leave without sorrow
Today is the halfway house
Taking us from yesterday to tomorrow.

We have been carpenters, everyone,
Now we have our pay.
Out of problems, books and themes,
We've built Commencement Day.

Lift your head and smile
Look backward never.
Today is here--tomorrow coming
The past has gone forever.

PROPHECY

Lena Hoge, star reporter for the Forsythe Newsette entered the "Sea All Past and Future" tent at the circus. "Could you tell me what has become of the class of '38 at Maroa High School", she asked Alabi as he gazed into the crystal ball.

"Gladly", he answered. "I see a ball, or is it a party?"

"No, it's the Glass Night at Maroa High", Lena prompted.

First I see Allene Jones. She is the private secretary of Harold Johnson. Harold is a successful business man with his Venecian Blind ~~Factory~~. Mildred Faber is his helpful wife. You know she always liked the shade down.

Viva Malone and Robert Lionhart were married in 1940 and live happily in their cottage in Decatur.

An opera singer in your class? Why it's Lois Johnson. Just think she began her career at Maroa. La Verne Cotton is her faithful valet.

Bernadine Thomas has traveled abroad. There she met and married an English Duke. But now she's returned to her native land and decided farmer's sons may not be so romantic to look at but are much nicer to live with.

Now I see lots of children. It's an orphans home. There's Elaine Montgomery telling bed-time stories. She was always a good one at whoppers.

Now I ~~see~~ music; a miniature leader. None other than Kenneth Riley. Someone is singing.

Paul Gregory is now vocalist for the "Fling Music Miniatures Orchestra". Eva Albert, wife of Paul helps compose much of the music.

"Do you hear a dog barking?" It must be Bob Cox's Delirious Dog Hospital. Mary Ashford is chief 'needle sticker'.

Lois Meryman has a beauty parlor and Mary Cummins and Francis Wickle are in charge of branch offices.

Margaret Thompson is now warbling instructor to a class of canaries for the Peep Cheep Bird Seed Company.

Who would have thought there was a famous author in the class. Marjorie Crabtree is publishing her latest novel 'Men Are Brutes, But Oh How I Love Them!'

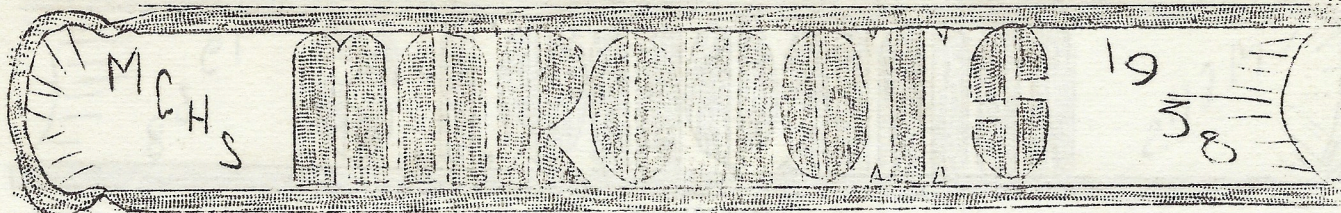

The owner and manager of a series of exclusive Interior Decorating Shops is no other than Alice Hastings.

Yes, there is always a teacher in our midst. Eleanor Montgomery is a Commercial teacher at Iowa State University.

John Perkins gives advise to the Love Worn in the Kenny "Tell-All". Here he comes helping Elva and J. W. Holman repair broken hearts.

"Women Wonders" bus line is owned by Glenn Query (who was always a wonder to women). His drivers are all women. They are: Florence Longsdorff, Mary Wendling, Margaret Brown, Alberta Bunner, and Betty Wilkey. Florence prefers the night shifts.

In the jungles of Africa is Mildred Bricker, bearer of enlighten messages to the heathens. Here also we find Geraldine Hartsock and her ostrich feather hunters who specialize in decorating peoples hats. Among those in the group are: John Roy Bennett, Josephine Lanter, Louise Miller, and Lorene McCammon.

Pink pills for pale people; originator Lloyd Clary. To match any color in your room. Eleanor Rainey, is his chief mix-er-upper as well as his wife.

Rip Van Winkle has nothing on Floyd Clary. He's vowed he'd sleep his life away. Why? Norma Friis done him wrong they say.

Air Mail week inspired Shirley Marlatt to such an extent she decided to be an aviatrix. Her route is from Boston to Berlin.

New York is well supplied with goat milk since Bill Hicks has made good use of his education at M. C. H. S.

Since Myrna Loy and Greta Garbo have retired, Annalou McGuire has become our shining star and pride and joy.

In La Paris Dress Shoppe we find Vanetta Caldwell as a model.

Nellie Wikoff is an instructor of a "tip and tap" dance school in Chicago.

Myrna Morgan is editor of the "New York Buzz". Her business is so enormous that she hires fifty men as employees.

So in closing we find Richard Kincaid an artist and cartoonist for 20th Century Wolfe.

SPORTS

11/11/11

1937-38 Basketball Season

A large squad of thirty five boys reported for basketball immediately after football was over. The bulk of the group was made up of inexperienced boys--there were only two players left from the 1935-36 machine that had much experience. Most of the season was spent in breaking in new material and in attempting to teach numerous fundamentals that are so necessary for a successful athletic team both in morale and in the actual fundamentals of play. Inability to hit the basket when once in the open proved costly upon numerous occasions. At least seven games were lost by a three point margin or less, while several of the defeats were by much larger scores. It was interesting to note that during the latter part of the season the first squad of 12 men was made up of 100% of underclassmen, the bulk of whom were sophomores. These boys showed remarkable improvement in ability and morale and should give Maroa improved basketball teams during the coming seasons.

Boys who were on the basketball squad during the year were: C. Lentz, R. Pulliam, J. Eakle, W. Thrift, B. Braden, R. Rainey, R. Cox, J. Perkins, P. Gregory, R. Fawcett, J. Hoffman, D. Vaughn, M. Riley, J. Stoutenborough, R. Mashburn, R. Pollard, H. Vantrics, C. Moe, J. Fawcett, H. Wilkey, B. Stonebraker, B. Schultz, L. Montgomery, J. Streight, M. Vaughn, C. McGuire, P. Halicki, F. Crutcher, B. Mashburn, J. Hughes, F. Clary. The managers were J. Bennett and Paul Miller.

The 1937 Football Season

The 1937 football season proved to be very successful. In Meridian-Cenois Conference games the Blue and Gold won four and lost two, to finish in a tie for second with Lovington. Practice began Sept. 1, with less than eleven practices to be

MCHS MARIONETS 1938

staged before facing Blue Mound on the local field. Coach England faced the task of grooming many new men for positions filled by seven graduated seniors from the squad of 1936. A marvelous attitude throughout the squad offset the lack of experience. The first day of practice, Coach and players set their goal as a conference championship and labored diligently toward that end.

The first game with Blue Mound here found the local eleven clicking to perfection to pile up a 27-0 victory. Gregory registered three touchdowns while driving Jim Eakle drove over for the fourth.

The second game came September 22, with Stonington there. A cloudburst of rain, a fine Stonington team, and inability to hold on to the slick pigskin put a 26-7 damper on Maroa's title hopes. Russ Caldwell, brilliant freshman halfback, showed to advantage in this game. The contest proved doubly costly, since Eakle received a twisted knee which kept him out for the rest of the season.

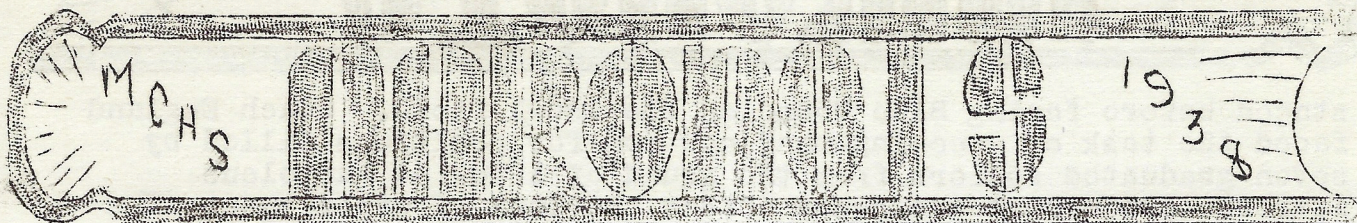

The third game was with Illiopolis on the Maroa field. The first half saw Maroa outcharge Illiopolis but unable to solve the constant Illiopolis passing attack; hence we were behind 6-0. The second half saw a determined Blue and Gold eleven push over two touchdowns, as well as alter their pass defense to halt Illiopolis' score 12-6.

The fourth game was a non-conference engagement with Decatur Reserves. These speedy "Reds" brought an all game winning streak to our field. Despite the fact the Blue and Gold outcharged the Reds 13 first-downs to two and penetrated Decatur territory to be stopped within the five-yard line twice, they lost the game 6-0 on a short reverse over center immediately after Captain Clary had to be removed from that position due to injury.

The next contest was lost to Levington on their field 21-0. The local line up was a very patched affair--Eakle injured, Perkins on a visit to Mom and Dad in Missouri, etc. These handicaps together with some peculiar officiating and spotty quarterbacking kept the Maroa attack throttled most of the afternoon. Time and again long gains were called back due to the officials' opinion of backfield in motion. Two of their markers were secured on intercepted passes thrown deep in our territory.

The next contest was played under the lights at Bethany in a slight bit of snowfall. The local eleven clicked beautifully to win 13-0. When the game ended, Maroa had the ball on Bethany's one-yard line, goal and four to go. Cox scored early on a single wing reverse, while Gregory skirted their left end for the second score; Marion Vaughn showed great power on defense in this game. Bob Lienhart suffered a severe leg injury.

The last game was played against the strong Assumption team on their field. This marked the last game for eight seniors. Lienhart was already out. On the first play of the game Assumption skirted Pulliam's end for a 40-yard run and a touchdown. After that Maroa controlled things and piled up 12 first-downs while marching inside the enemy 10-yard line twice, only to falter. Finally the third trip was successful into pay territory as well as the extra point. This gave Maroa a 7-6 lead with only 5 minutes

left. Then Assumption displayed unseen power to march straight down the field for three of their four first-downs to score, making it read 12-7. With only two minutes left Gregory passed a long spiral down the middle to Cox, who raced the remaining 15 yards to the goal and a 13-12 victory.

Boys who worked hard to make the season a success were Capt. L. Clary, F. Clary, R. Lionhart, L. Cotton, J. Perkins, H. Johnson, W. Hicks, R. Cox, P. Gregory, Capt. elect J. Eakle, R. Mashburn, W. Thrift, R. Pulliam, M. Vaughn, D. Vaughn, C. McGuire, C. Lentz, M. Riley, W. Schultz, R. Pollard, R. Hughes, R. Rainey, H. Vantrios, J. Crutcher, R. Caldwell, E. Daggett, R. Crouch, B. Mashburn, H. Leach, E. Sipowsky, and C. Moe.

TRACK

The track season for Blue and Gold athletes of Marco High has been one of the most successful ever staged. To date the Marco boys have made a clean sweep of five consecutive dual and triangular meets. Two relay teams scored fourths in the Farmer City relays April 22, and piled up 29 points to closely battle Argenta for the Macon County title, May 1. In this meet both the 880 Varsity Relay and the Freshman 440 Relay brought home banners. On May 6, Marco was able to score $6\frac{1}{2}$ points in the Conois Conference meet, but stood out in relay events. They brought the Varsity 880 relay cup, and the freshman team set a new conference record of 50.7 seconds in this event.

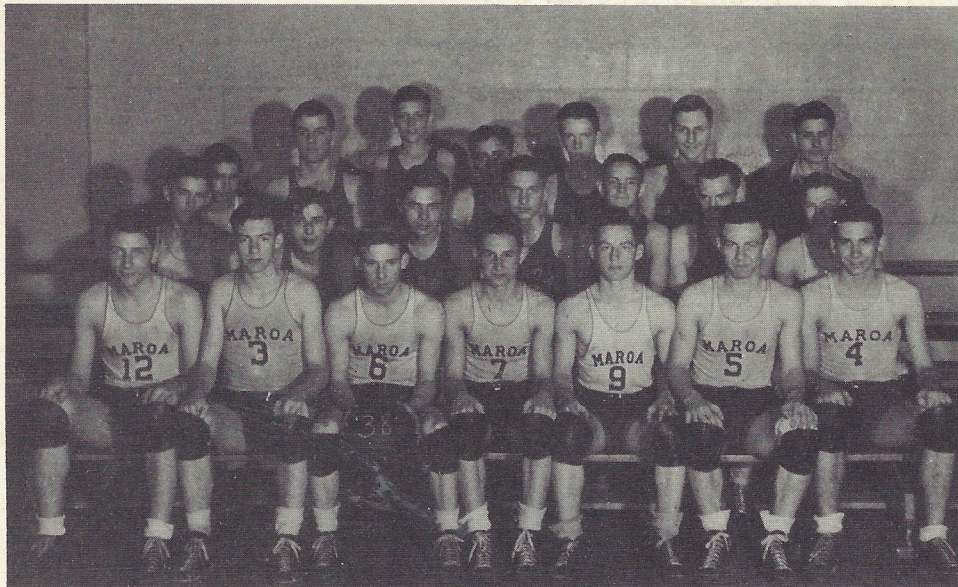

May 13, Coach England took the relay team and Jim Eakle to Monticello for the state district meet. Eakle tied for third in the pole vault. While the varsity relay team was able to break all local records for the 880 relay, they were unable to place in this record breaking race that went in 1:33.4.

If the weather clears up, the season will be brought to a close by holding dual meets with Kincaid and Argenta.

The boys who have worked hard this spring to make the season successful are Jim Eakle, J. Bennett, H. Johnson, W. Hicks, M. Vaughn, J. Holman, R. Mashburn, L. Cotton, B. Mashburn, C. Lentz, A. Patterson, J. Stoutenborough, L. Montgomery, R. Caldwell, B. N. Hoffman, R. Pulliam, M. Riley, G. Query. Many of these boys are seniors and will be greatly missed next year. Coach hopes that many boys will report for track next year that did not come out this spring.

It was in heaven. A boastful New Yorker had just been admitted and was decanting about Niagara Falls. A little old man near him snickered.

"Perhaps, sir," exclaimed the annoyed New Yorker, "you don't think eight million cubic feet a second is a lot of water? Might I ask your name?"

"Certainly," said the other. "I'm Noah."

CUSTOMER: "James, why are you so late with the milk this morning?"

JAMES S: "Well, you see, madam, the law allows us 25,000 bacteria to a gallon of milk, and you wouldn't believe how long it takes to count those little beggars."

MR. KEYES: "When was the revival of learning?"

COULTER L: "The night before exams."

MR. SWAN: "Everything I tell Pete H. goes in one ear and out the other."

DICK K: "You're wrong; sound can't cross a vacuum."

LAVERNE COTTON: (To a waitress in a cafe): "Haven't I met you before?"

WAITRESS: "Very likely you have; I was a nurse in an insane asylum before I started working here."
